# Varsity Gridmen Tally Two Wins in Nine Starts

Fielding an exceptionally young team, the Lions won only two of their nine encounters. Coach Bill Gray employed a multiple offense with the majority of plays originating from a single wing. In the opinion of Coach Gray the game against Seymour was the best for the Lions.

Honored at the close of the season were: honorary co-captains — Jim Readle and George Yazel; 1962 team captains elect — Orville Morris and Dan Schermer; most tackles—Yazel; most improved back—Max Hufferd; most improved lineman — Harry Robbins; South Central All-Conference team — Yazel with honorable mention to Readle.

Seniors Clifford, S. Moster, T. Moster, Readle, Stevens and Yazel, and B. Lacy, junior, ended their high school football careers.

# Varsity Lions Break Even With Wins and Losses

**FRONT ROW:** T. Lacy, Dickson, Schermer, Cordray, Marshall, Waite. **Row 2:** Coach Jack Brown, Cox, Badell, B. Lacy, Neuman, Earnest, Niehoff.

Coach Jack Brown's Lion varsity combined average ability with fine mental attitude, hustle and desire to give fans the best season since '59-'60. However, lack of size under the basket was a handicap in the rebounding department, and the team was hampered by sickness and grade ineligibility. Despite this the Lions had a record of 11 victories and 11 defeats. In conference play the record stood at four wins and five losses for sixth place standing.

The hardworking team beat its first two opponents by a total of 22 points, before taking a series of losses to Anderson, Connersville, Southport and Richmond. Perhaps the most thrilling game of the year was that against New Castle, which was lost 69-74. The heartbreaker was the 54-60 defeat at the hands of Arlington in the second game of sectional tourney play.

Joe Niehoff walked off with top honors—the most rebounds, highest free throw percentage, top county scoring honors, fifth place in conference scoring with a 16.3 average, and a position on the All-South Central Conference team. Clyde Cordray, Terri Earnest, Niehoff and Bill Waite were lost through graduation, and Bill Lacy, a junior through age ineligibility.

WILL HE MAKE IT? John Mosely attempts a two-pointer for the victorious Cubs in the Lawrenceburg game.

Jim Sparks, John Mosley, Fred Neuman, Larry Goins and Dave Dixon provided the necessary punch to lead the B-team to an impressive 12-8 season. Coach Dragoo's outfit was outstanding in individual scoring, rebounding and foul shooting percentages. The five starters produced an 8.2 scoring average, a 7.3 rebounding average and a foul shooting average of .700.

Mike Cox was moved to the varsity when a regular quit because of illness, and Neuman was certified with the varsity at tourney time. Mosley won the foul trophy with a .682 average, and Sparks' 9.3 scoring average was high for the season.

# Hustling Frosh Cagers Triumph at Tournament

Although his frosh basketeers were short in stature as well as experience, Coach Earl VanSickle whipped the outfit into a well-rounded team. Seven victories and eight losses were chalked up for the season. The greatest moral victory was capturing the frosh tourney. The Rushville five put up a hustling, scrapping defensive game against Connersville, then against Greensburg to cop the laurels for RHS.

Jim Keith paced his teammates with a 12 point average from the field and a rebounding average of 10 per game. Monty Lacy's 11 point net average and .589 average at the free throw line were decided assets.

# Cross Country Qualifies Six in Sectional Tourney

Paced by Mike McLaughlin, a sophomore, Jack Brown's cross country team placed fourth among 10 teams in the SCC meet and sixteenth in a field of 34 at the sectional. McLaughlin was second in the conference meet with a time of 10:23 and fifteenth with a time of 10:23.5 in the sectional. Others who placed in the sectional were Joe Niehoff and Bill Waite, seniors, and Rick Levi, Dennis Marshall and John McCorkhill, underclassmen. Bill Hahn and David Hoopingarner also competed. Waite was captain of the team.

# Golfers, Racquet Squad Have Mediocre Seasons

Inadequate facilities for serving as host school for the SCC tennis tourney deprives RHS of the "shot in the arm" that would stimulate interest in this sport. During the season Bill Green and Clyde Cordray lost to Seymour in the doubles match, and Larry Southerland and Rick Levi lost in the singles to Connersville and Seymour. The Red and Black was eighth in the SCC tourney.

Coach Dick Dragoo's Lion golfers, defending SCC champs, lost their title in the fall tourney held at Greensburg. Previously the team defeated Shelbyville, five to four, but lost to Greensburg, five to four, and to Connersville, six to three. All team members are seniors. Three freshmen, Hartzler, M. Badell, and Montgomery, and P. VanSickle, sophomore, are likely replacements.

**FRONT ROW:** McLaughlin, Mauzy, Darnell, Morris, Hahn, Marshall, Earnest, M. Buchanan. **ROW 2:** Jeffrey—manager, Coach Bill Gray, Connerly, Smith, Griffin, L. # Runners Have Best Records in Track Competition

**DEMONSTRATING HIS ABILITY** in the broad jump, Orville Morris takes a flying leap high in the air.

Despite graduation losses and a lack of returning lettermen, Coach Bill Gray was able to organize a well-balanced track team. The Red and Black won four of seven dual and triangular meets, copped the ten team Greensburg relays, placed fourth in the Muncie relays, and eighth in the SCC meet and seventh out of 21 teams in the sectional tourney.

Best performances were in the running events with the half mile relay team of Cooper, Goins, T. Lacy and Schermer the fastest RHS foursome in ten years. They turned in a 1:37.7 time in the sectional event. The mile relay team of Hufferd, Mauzy, McLaughlin and Sparks ran that event in 3:44.4.

Tom Marley was the only graduation loss, so next year's prospects look very good.

# Luckless Diamondmen Record Winless Season

Lack of unity and most of all lack of playing experience contributed to the winless season recorded by Coach Grayson Mahin's baseball squad. Most of the season was spent in trying to form a nucleus that would function as a team. Errors were cut considerably near the close of the season and several fine performances were recorded.

Mike Druley received the Alumni R-club trophy awarded the most outstanding senior baseball player. Seniors who lettered in addition to Druley were Captain Tom Floyd and Gary Clifford.

Letter winners M. Cox, Dickson, Land, Levi, Marshall, Owens and Van Sickle, will form the nucleus for next year's team. They will be aided by recruits from this year's newly formed freshmen team.

# GAA, R-Club Draw Membership from Athletes

The Girls Athletic Association offers sports, fun and fellowship to the athletic-minded girl. Requirements for membership are 50 points earned through attending meetings, skill tests, etc. Members compete with other schools in volleyball, basketball and softball. Activities include an annual playday and the mother-daughter banquet at which new members are initiated. Barbara Scott, phys ed teacher, is sponsor.

By their sweaters you will recognize them as fellows who have won a coveted R through participation in one or more major sports. Those boys who maintain a scholastic average of 80 or above are eligible for R-club, which is sponsored by James Gridley, athletic director. The social event of the year is a date dinner in the spring. At graduation the club presents an award to an outstanding senior athlete.

# FFA Activities Include Contests, Social Events

With a moo-moo here and a moo-moo there, FFA boys were far from being tied to their monotonous farm chores. Between their judging contests, trips, parties and basketball games, they were hard pressed for time to milk Bossy. Aided by the feminine touch of Susan Abernathy, chapter sweetheart, the club gave a Christmas party for underprivileged boys and entertained their parents at the traditional supper party.

Rush County rats have little liking for FFA boys, who sold 200 boxes of rat poison. Myron Miller was high salesman with 50 boxes. Bill Kirkpatrick and Byron Thomas were high salesmen in the seed sale that netted $325.

Joe Niehoff and Bill Kirkpatrick received the Hoosier Farmer degree based on leadership, farm projects and earnings. Other awards were the Star Farmer to Bill and the De Kalb to Niehoff.

# Society Honors Scholars

Stressing the qualities of character, leadership, scholarship, and service, the National Honor Society completed its third year as an RHS organization. The special project for this year was the organization of the NHS paperback book store, designed to supply students with materials for their outside reading assignments. Under the leadership of its president, Susan Abernathy, and sponsors, Beulah Bishop and Leslie Fenimore, the society is an important factor in the growth of higher goals among its members and aspirants to membership.

# Council Decides Policies

Carrying out the will of the student body under the leadership of Principal Ben Earley and President Tom Moster, the student council is an important school organization. Class-elected council members are the lawmakers for the school. Their duties include regulating social functions, determining student driving policy, and carrying on the tradition of good student government at Rushville High School. They also sponsor the annual Homecoming Dance and the traditional bonfire.

# Aides Do Service Duty

Chosen on the basis of dependability, interest and cooperation, pages, student librarians, and projectionists are a valuable part of the school labor corps. Pages collect absence slips, record absentees, and run errands. Projectionists assist in the visual aid program by operating the projectors in classrooms. Student librarians check out books and magazines and perform other tasks in the library. The salary of this dedicated crew is one fourth credit per semester.

# Y-teens Means Sharing Good Life with Others

A coke party for new girls was the Y-teen way of saying, "Please join us in fun, fellowship and service." Seventy-seven girls were initiated at the traditional candlelight service to bring the club membership to a near two hundred.

Fun and fellowship were provided at the freshmen stunt show following a sack lunch, and at the programs which included style shows, a talent show, and a panel on dating by the Hi-Y members. Mixers and the "basketball brawl" sponsored jointly with Hi-Y, the beautiful "Snowflake Swirl" during the holiday season, the mother-daughter banquet and the senior girls' breakfast highlighted school social activity.

"Potato chips, anyone?" has become a familiar query of Y-teens. Funds from this product financed a valentine party for residents of the county infirmary and a $100 scholarship to a deserving Y-teen.

In the field of service the group donated $75 to the Christmas Cheer fund, distributed Christmas Seal posters, sponsored convocations and mixers in cooperation with Y-teens, and gave a $100 college scholarship to a deserving senior member. Officers were sent to Camp Tecumseh, Delphi, for training.

In addition to his fine work as Hi-Y president, Bill Green brought honor to the club as secretary of the state chapter of Hi-Y, and through his attendance at the Indiana Youth Power Conference, and later as Hi-Y representative from Indiana at the national meeting in Chicago.

# Linguists Study Ancient Rome, Latin America

Popularity of foreign languages in RHS accounts for one of the largest organizations in school, the Language club. Eligibility is based on grades with a requirement of B or above for freshmen and a slightly lower grade for upperclassmen. Members were about evenly divided between Latin and Spanish. The usual initiation was dispensed with this year.

Monthly meetings were held with a program provided by members or guests speakers. Two of these were slides by Bill Green on a summer trip he took to Mexico with his family and a talk by the Reverend Latham Wright, Presbyterian pastor, on his life as a boy in Brazil, South America. Latin members "went Roman" and enjoyed a supper party in costume.

# Debaters Win Sectional

Rushville High School is one of 30 select schools with a National Forensic League Charter. This is maintained by interscholastic forensic competition by members of the Speech club. Other activities sponsored were the speech and debate programs and the first all-school dramatic production. The debate program included a tourney in Kentucky as well as those in Indiana. Although young and inexperienced the team came through to defeat the strong New Castle team in the sectional tourney.

# Happens; Holcad Pictures the Story of an Entire Year

Training new staff members, preparing "dummies" and chasing after reporters for overdue assignments have kept Patty Coons, editor of the Rushlite, and her junior assistant, Kathy Wilson, in a frenzy. The fourteen issues provide students, teachers and townspeople with RHS news on school events, fashions, sports, student life and informative editorials. Under the sponsorship of Mrs. Gearry Knight, the Rushlite is now in its forty-first year of publication.

The Holcad, which takes its name from the Greek "holcados" signifying "glad news" or "good tidings," is a picture record of a school year. Ann Moore, editor, and Judy Alexander, associate editor, have built this year's edition around a quotation from Tennyson: "through all the circle of our golden year." For the second time delivery is being made in August to include the full record of the year. A consistent winner of First Class Honor rating in the NSPA, this year's staff is hoping for the cherished All-American.

**"WHICH ONE shall we use?" questions Holcad editor, Ann Moore, of her assistant, Judy Alexander, who is using a "cropping scale" on a likely picture selection.**

# Concert Choir Gives Impressive Yule Cantata

ACCOMPLISHED PIANISTS, Avonelle Chance and Carolyn Emerson, perform for their first year as choir accompanists.

"Sing Along" could be the theme song of the RHS choir. Under the direction of Donald Myers, the 70-voiced group presented the annual Christmas cantata, "Child of Heaven." Other presentations included the spring concert, numbers at the baccalaureate service, and the senior members sang a number at commencement. Several choir members competed in the solo and ensemble contest, and the choir competed in the district contest for which RHS was host.

Fame of The Twelve Girls has spread about the state, because of the excellence of their programs. School organizations, service clubs and other groups enjoyed their program featuring popular numbers. Their costumes this year were bright red taffeta formals and black pumps.

**THE CONCERT** is over, and now the wardrobe mistresses, Ann Abercrombie and Mary Floyd, face the on rush of choir members, who are eager to check in their robes.

# Talented Musicians Give Concerts, Win Honors

No school should be any prouder of its band than Rushville High School. Organized in 1927, the band has netted 50 first divisions and only two seconds in district, state and national competition. This is a record no other Indiana school can equal. Under the direction of Donald Myers for 30 years and Robert McGinnis for the past four, it has maintained its traditional honors.

Although September afternoons were torrid, band members met on the football field to practice difficult marching formations for novelty performances at football half-times. Basketball fans enjoyed half-time concerts during the winter. Other activities included playing for various parades and at the spring concert. This year Rushville was host for the district band contest. A number of band members went to Seymour for the traditional Good Neighbor Festival featuring six schools in a mass concert.

Many band members have added to their collection of medals by participating in solo and ensemble contests.

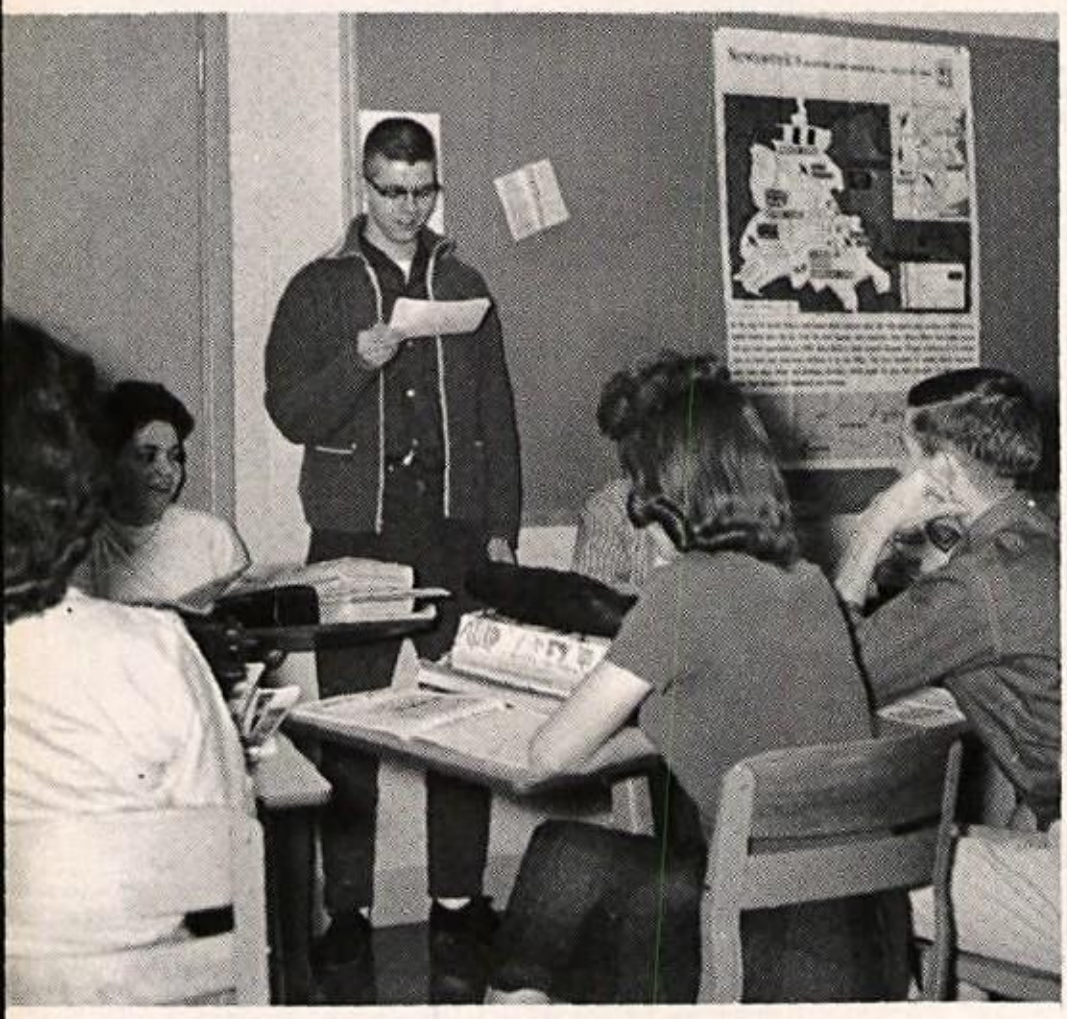
# College-Bound Students Follow Rigid Curriculum



SOCIAL STUDIES, a two-year requirement, can become almost fun in these American Observer discussion groups. Civics, sociology, economics, US and world history are offered.

In the days of the little red schoolhouse, teachers drilled readin', writin' and 'rithmetic into the minds of their students. Today trends have changed. RHS administrators feel that graduation should not be the end of education, but only the beginning. As a foundation, a variety of curricula is offered.

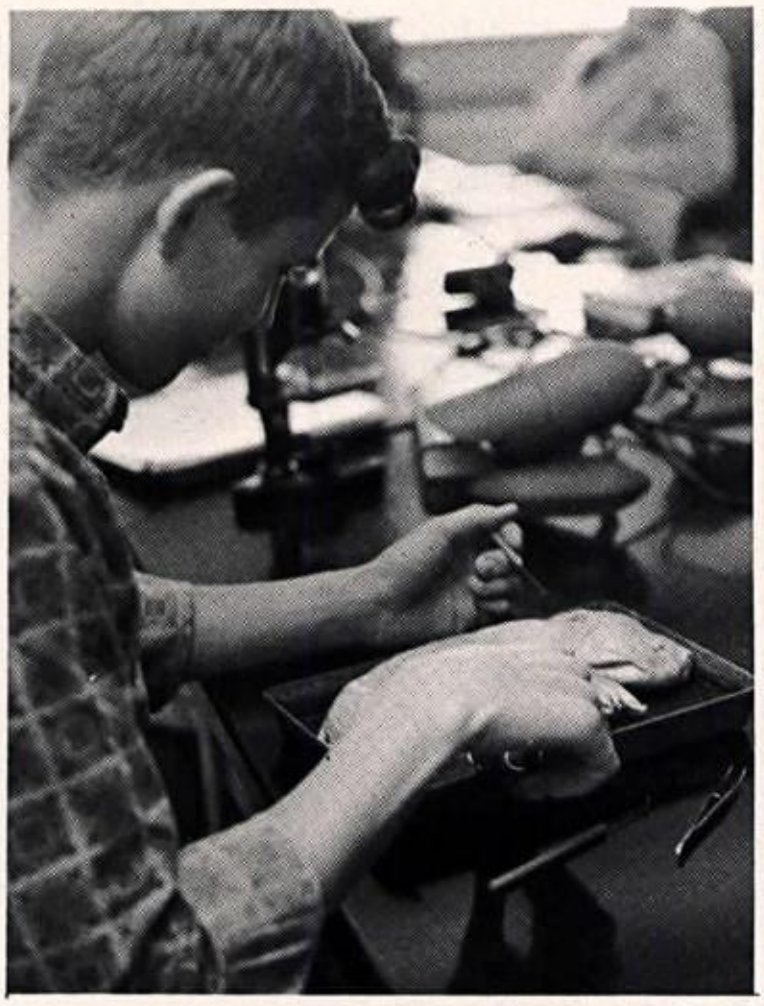
Five main courses have been established—college prep, commercial, industrial arts, home economics and general, plus a fine arts program. These may be taken straight, or mixed and blended in any number of ways.

Conveniently located near the gymnasium and athletic fields, the building is more than adequately equipped with laboratories, shop areas, modern appliances and a developmental reading center. Besides these facilities to aid "booklearning," special rooms and equipment for the "lighter side" of education are available.

SPANISH BINGO adds zest to vocabulary drill. Approximately fifty percent of the student body enroll in Spanish or Latin for at least two years of foreign language study.

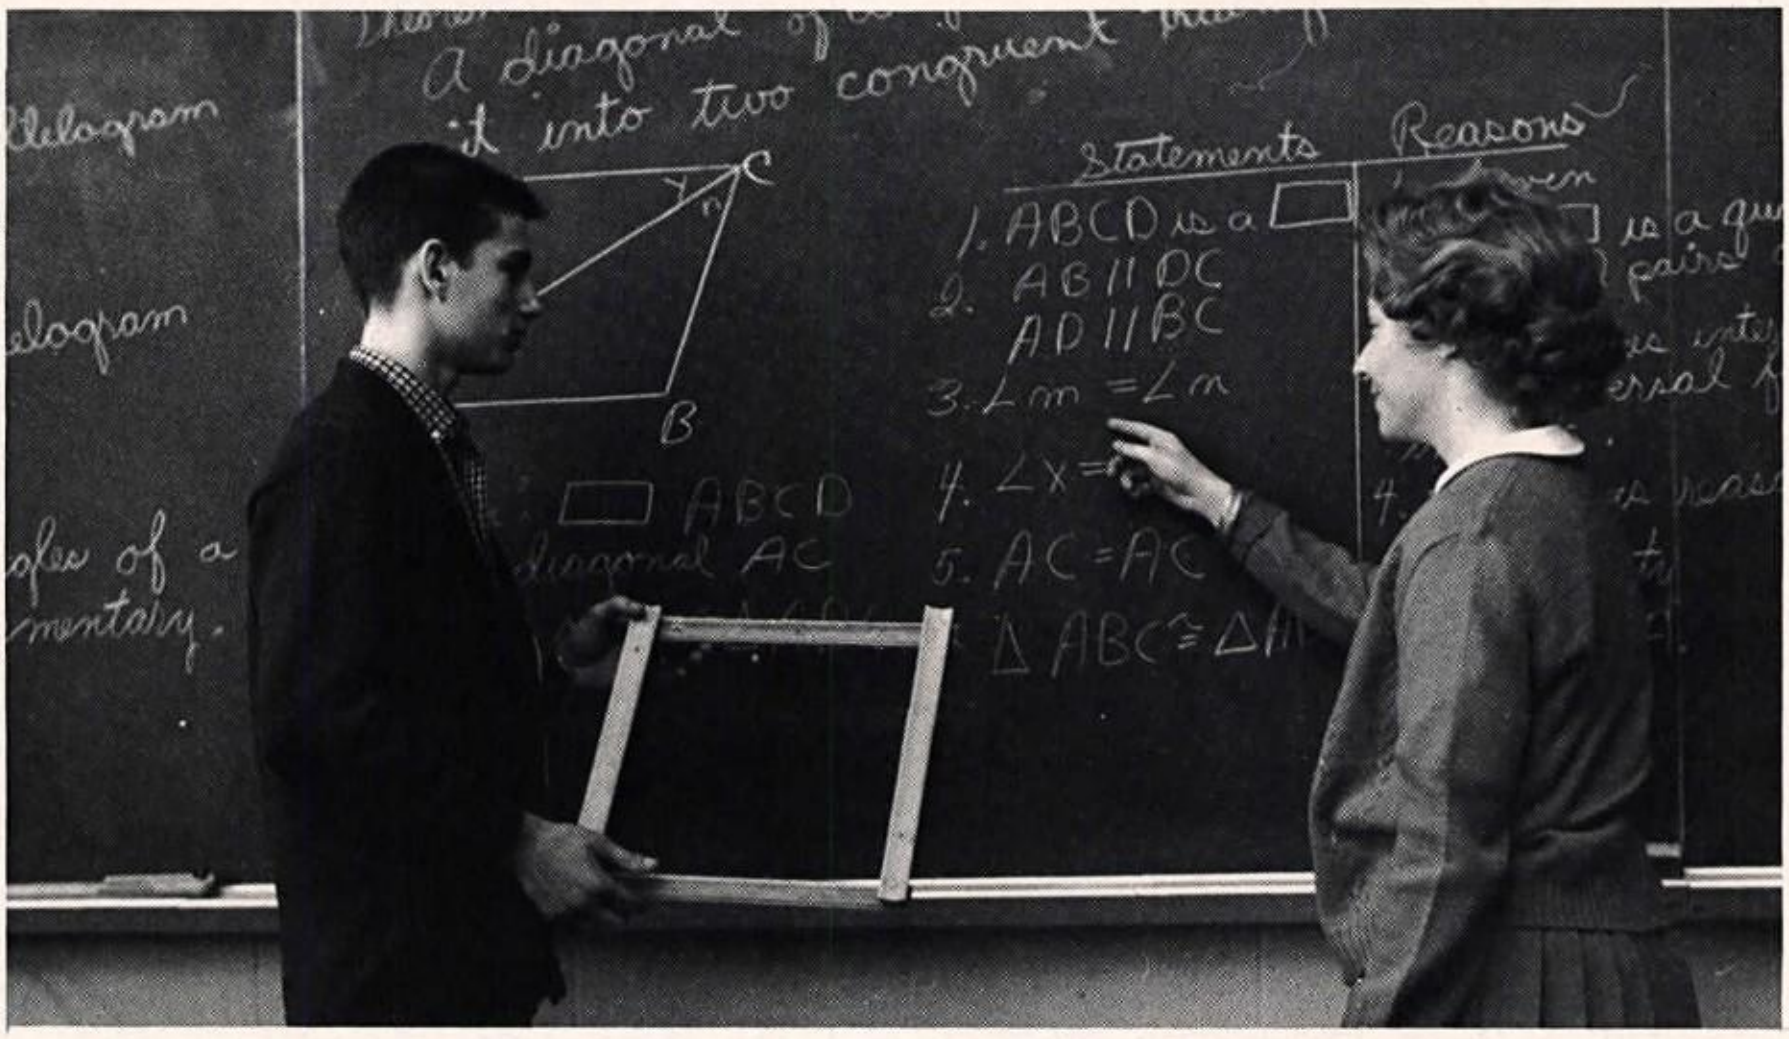
THIS GRAMMAR TREE gets frosh off to a good start in English, which during a four year period covers grammar, composition, literature and public speaking.

# Math and Science Take on Added Significance



IN BIOLOGY, a basic science course required for graduation, students learn the "inside" as well as the outside story of plant and animal life.

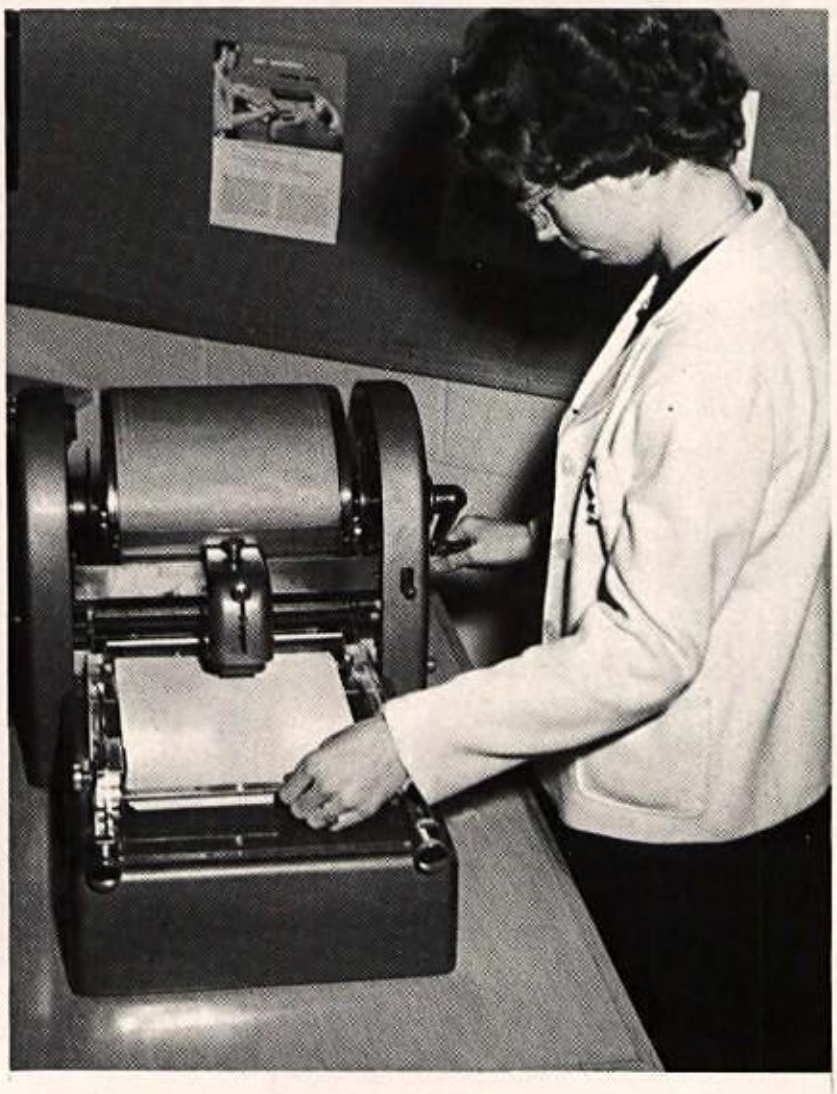
TWO CHEMISTRY CLASSES, one physics and one physical science testify to the demand for a well-rounded science program. Well-equipped laboratories strengthen these offerings.



ALGEBRA OR GENERAL MATH will fill a graduation requirement. Beyond that, offerings include one year each of plane geometry, advanced algebra and advanced senior math.

# Business Department Trains Future Secretaries

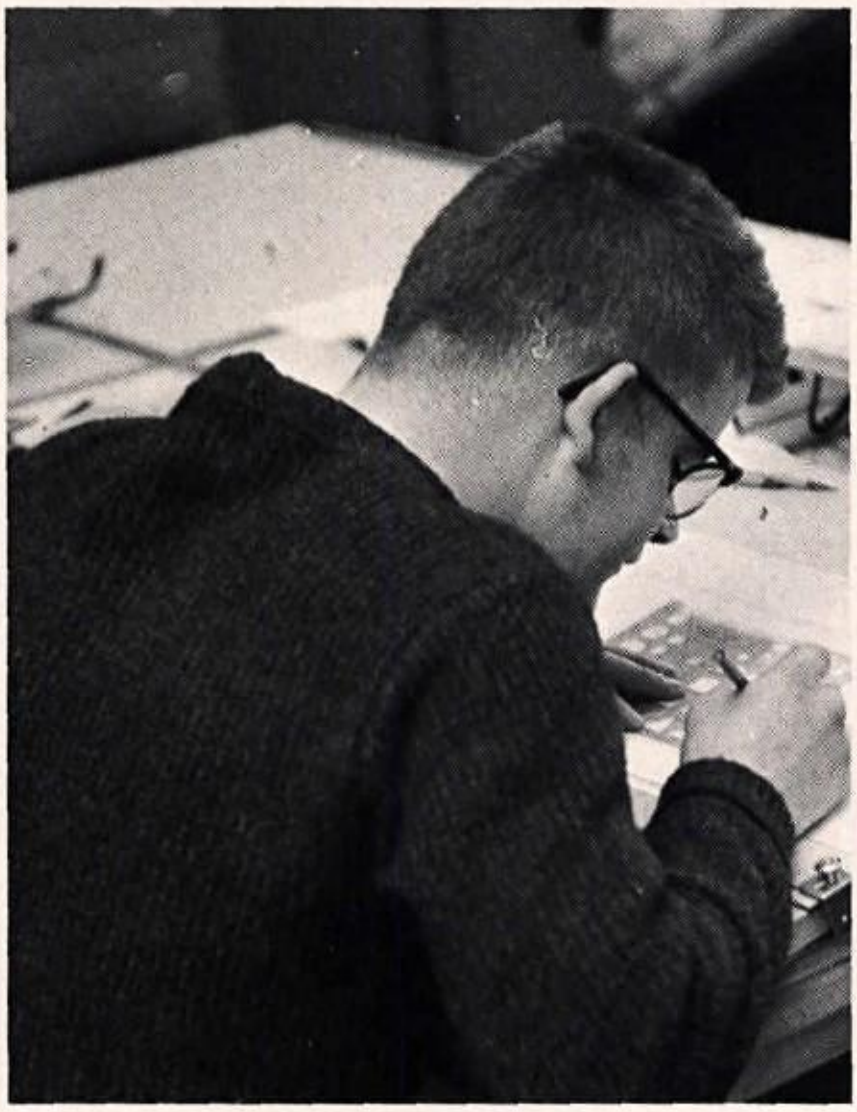
SINCE MANY EXECUTIVES give dictation via dictaphone, the commercial department provides two machines for student practice.



OPERATING A MIMEOGRAPH is only one skill involving office machines with which business majors become acquainted.

CLICKETY-CLICK go the keys as 100 typing students perfect their skill in this area. Forty standard machines, eleven electric, are used.

# Vocational Offerings Include Shop and Agriculture



MECHANICAL DRAWING, a required course for shop trainees, is an elective for art students and those who may be planning careers in the engineering field.

WOODWORKING STUDENTS are constructing magazine files for the library. Other courses in this department are machine shop, general metals and mechanical drawing.

MILK TESTING is a unit of study in dairy science for first and second year agriculture students. This group studies animal husbandry and crops on an alternating basis.

ADVANCED AGRICULTURE BOYS include maintenance of farm machinery in their program. The shop is constructed to permit farm implements to be brought into the working area.

# Girls Learn Practical Side of Homemaking Art

**WHAT'S COOKING?** Food preparation is only one phase of the subject, which includes menu planning, food purchasing, home and family relations and etiquette.

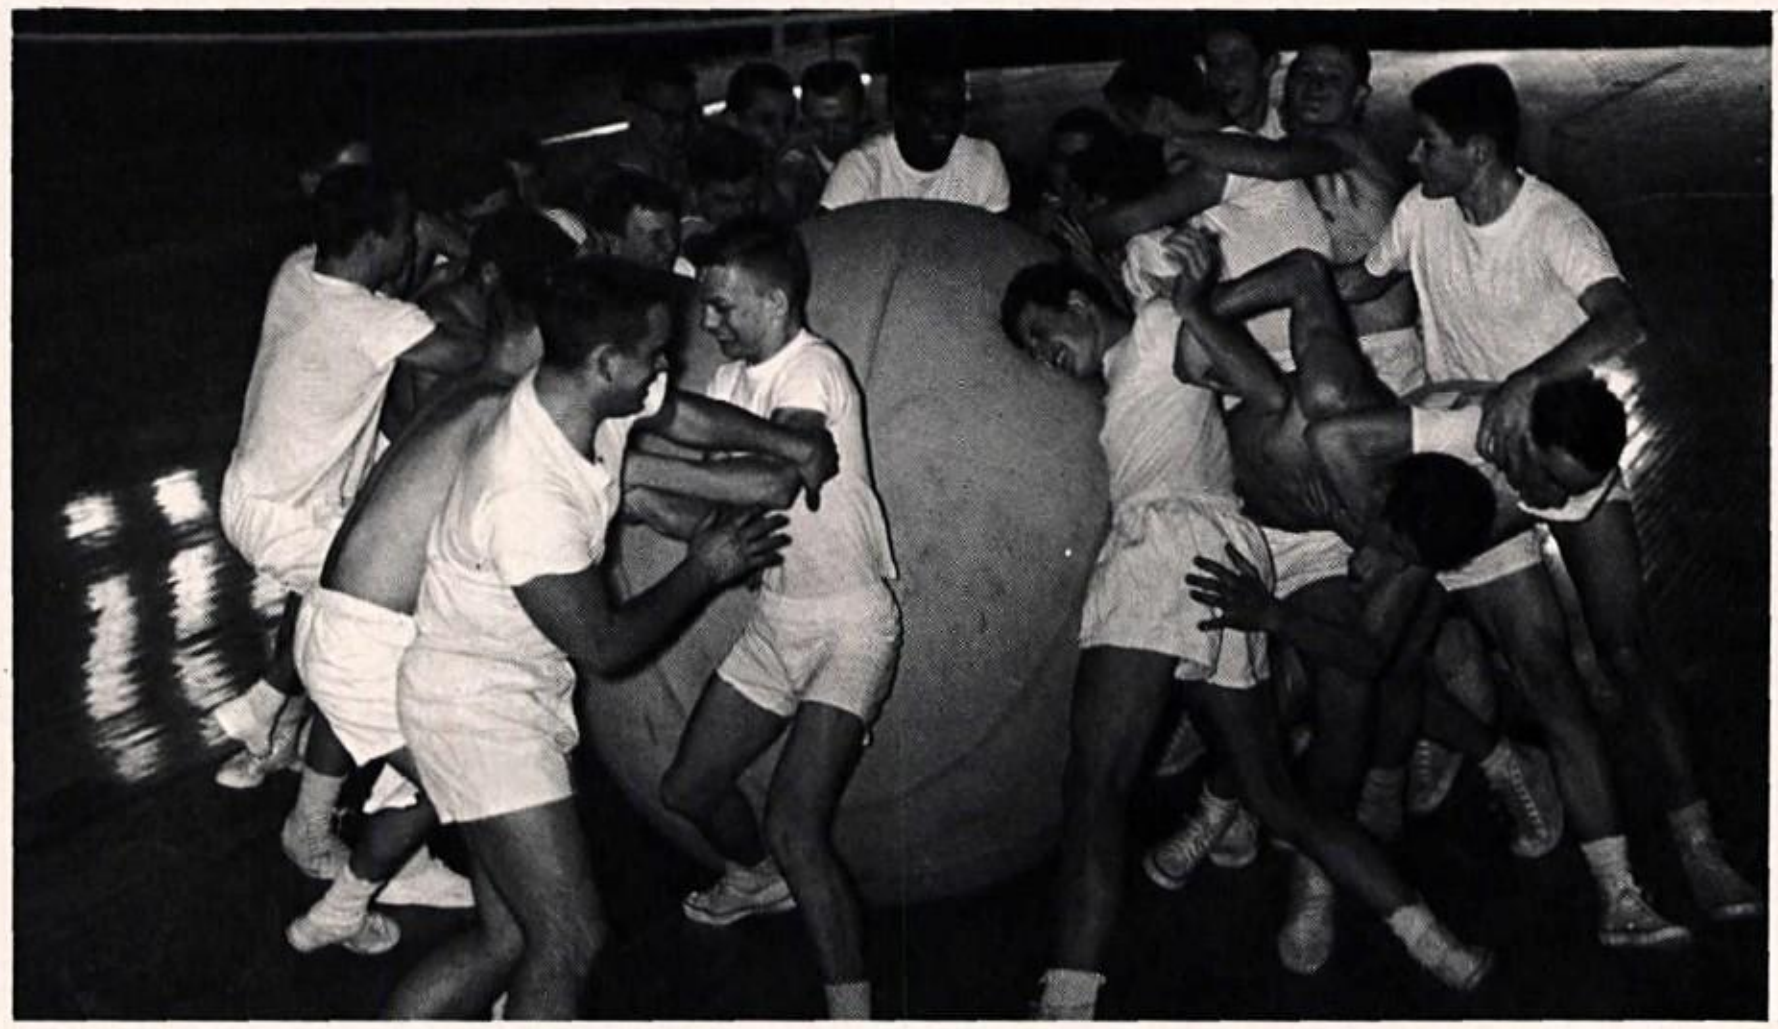
**CHILD CARE** is one unit of the required home nursing course for girls. Emergency first aid, sick room procedure and home safety measures are included in the program.

**FASHION IS FUN** if you can make your own garments. Girls in clothing learn color coordination, styling and fabrics as well as the intricacies of dressmaking.

# Required Phys Ed, Electives Fill Free Periods

**ARTISTICALLY INCLINED STUDENTS** find an outlet for their creative abilities in the elective are course which offers eight semesters in a variety of media.

**DRIVER TRAINING** offered to all students over 15½ not only is a means of cutting down on teenage accidents, but graduates of the course are considered better insurance risks.



**GAMES, CALISTHENICS** and dancing are included in the required physical training classes—daily for two years for boys and twice weekly for two years for girls.

**BUSY CITIZENS serve their community as members of the school board. They meet monthly with the superintendent of schools to transact business pertinent to their office.**

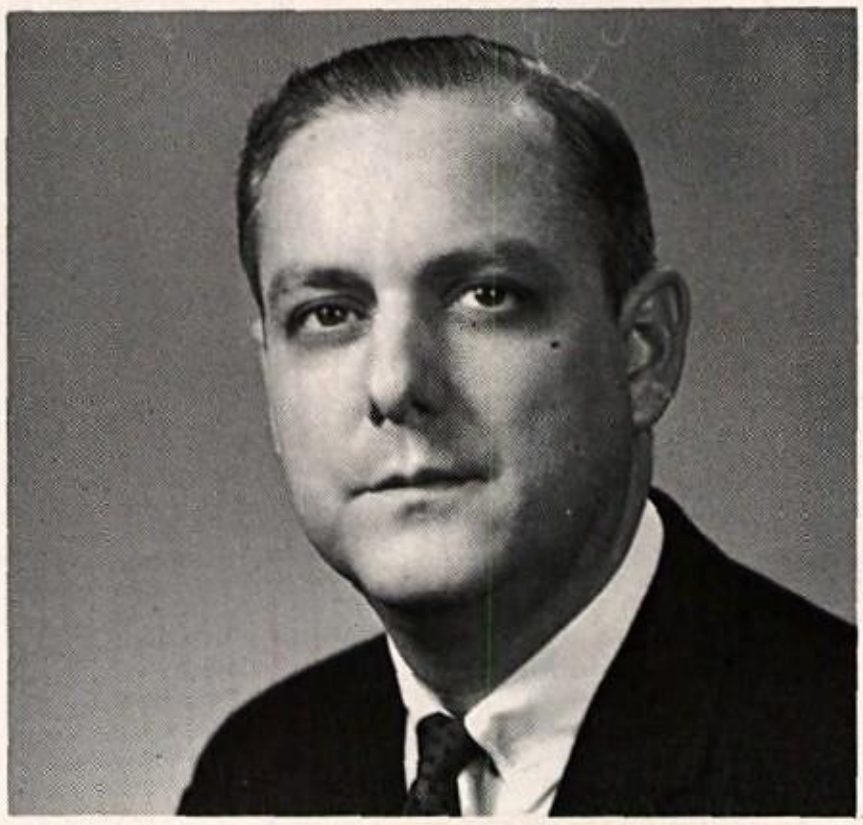
# Pupils Chief Concern of Administration, Faculty



**BEN EARLEY**—B.A. Ball State Teachers College, M.A. Indiana University; principal; officer of Hi-Y and class at Anderson High School.

Faculty members of RHS are not confined to the classrooms. They find time to serve as class sponsors, dance chaperones and field trip guides. Like the students they teach, they seek more knowledge. They take exams, cut classes and sometimes even are tardy. They enjoy dancing, the movies, talking over the latest and laughing at jokes. The men like sharp cars and bright socks, and the women like new clothes and jewelry. Aside from these "human" elements, our teachers can hand out excruciating tests, double home work, and detention room assignments.

Still these are the teachers who help us when we are in trouble; these are the teachers whom we love and respect; these are the teachers with whom we have formed lasting friendships; and these are the teachers whom we never shall forget.

**CHARLES AMICK**—B.S., M.A. Ball State Teachers College; study grant University of Toledo; counselor, general mathematics, freshmen sponsor; vice president of his senior class, Rushville High School.

"The Golden Year" — Tennyson

FINIS . . . the Golden Year of 1962 is ended . . . a year of hopes, dreams and ambitions . . . a year of fun and fellowship . . . a year of scholastic opportunity and achievement . . . a year of preparation for life . . . another Golden Year is at the door . . . September another senior class begins the cycle . . . thank you—Bill Walden, Ramon Walker and Bill Matney for your pictures, and Delmar Company for this forty-first edition of the HOLCAD, a record of our unforgettable Golden Year.
